

# Paper-Leaf Napkin Rings

## What you'll need:

- small leaves
- white paper
- crayons
- water colors
- brown bag or paper
- glue stick

**Step 1:** Place the leaves under the white paper, and make crayon rubbing impressions.

**Step 2:** Paint over the rubbings with water-colors. Mixing different colored crayons and paints makes a nice effect.

**Step 3:** Cut the brown bag into 2"x5" strips.

**Step 4:** Cut out the leaves. Put a stripe of glue down each leaf's center. Press them to the strips.

**Step 5:** Glue one end of the paper strips and form a circle.
